(b) Minimum size requirements of this Section may be waived by the Committee as provided herein, if a proposed dwelling possesses other features that, in the Committee's opinion, will serve to maintain the quality of the neighborhood.

(c) Building Materials: All homes constructed on each lot shall be built of new materials, with the exception of decor items such as used brick, weathered planking, and similar items. The determination of the Architectural Control Committee is to be rendered as to whether a used material is a decor item or not. All roofing material will require Architectural Control Committee approval. All visible masonry shall be native in stone, brick, or stucco. All exterior materials are to be approved by the Architectural Control Committee.

Section 4. Approval or Disapproval. Prior to occupancy of any residential building on a Lot, the front yard of the Lot shall be landscaped and within 120 days after occupancy of the residential building on the Lot, the remainder of the Lot shall be landscaped; provided that if weather conditions or ground conditions due to weather are such that it is not reasonable to landscape the Lot within the time provided, the time for completion of the landscaping shall be extended for a period of thirty days after weather conditions and ground conditions due to weather are reasonable for landscaping. ## ARTICLE E

### Easements and Open Space

Section 1. Easements. As shown on the Plat, easements for construction, repair, replacement, reconstruction and maintenance of utilities and drainage facilities are hereby created and established over, across and under the ten feet in width of the portion of each Lot abutting a public or private street. The 2.5 feet in width of the portion of each Lot abutting a lot line which is common with another Lot is hereby provided as an easement for the purpose of providing for storm drainage as may be required. No structure, planting or other material which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage in the easements, or which may obstruct or retard the flow of water through the easements, shall be placed or permitted to remain within

9802060407

9802060407

any of these easements. The portions of these easements on each Lot shall be maintained by the owner of the Lot. The area shown as "Public Sanitary Sewer Easement" on the face of the Plat are easements created for the benefit of the municipality which provides sanitary sewer service to the Lots for the purpose of installing, maintaining, repairing, reconstructing and replacing a system of sanitary services with appurtenances. The areas shown as "Public Water Easement" on the face of the Plat are easements created for the benefit of the municipality or district which provides domestic water service to the Lots for the purpose of installing, maintaining, repairing, reconstructing and replacing a system of water pipes, valves, connectors, appurtenances and equipment. The Native Growth Protection easements and Sensitive Area Tracts shown on the face of the Plat are created for the purpose of preserving the natural vegetation for all purposes that benefit the public health, safety and welfare including control of surface water and erosion maintenance of slope stability, visual and aural buffering and protection of plants and animal habitat. The vegetation within the easement may not be cut, pruned, covered by fill, removed or damaged without the express permission in writing from King County or its successor agency. The other easements established hereby are created for the benefit of the municipalities and public utilities furnishing utilities and for the benefit of the Community Organization.

Section 2. Common Landscaping. The Community Organization shall maintain the monuments and landscaping on 124th Avenue SE and on SE 304th Street. The Community Organization shall also maintain the landscaping easement along all interior roads and the planter islands within the cul-de-sacs of both Vintage Hills and Vintage Hills II. Tracts A, C, D, E, and F in Vintage Hills and tracts A, B, D, E, and G in Vintage Hills II shall also be owned and maintained by the Community Organization.

Section 3. Tract C - Storm Drainage System. As of this filing the storm drainage system located on Tract C of Vintage Hills (also known as The Ridge at Willow Park) shall be maintained by King County. If the City of Auburn annexes the plat, the Community Organization shall be responsible for Tract C's storm drainage system maintenance. If the Community Organization fails to comply, the City of Auburn can order maintenance, at its option, and if failure to comply, the City of Auburn can undertake and lien costs to the Community Organization. If a regional storm drainage system becomes available the Tract C storm drainage system will be properly abandoned at the Community Organization's expense.

ARTICLE F

Liens

Section 1. Community Organization Membership. There shall be one membership in the Community Organization for each Lot in the Subdivision subject hereto and no more. The fee title owner of each Lot which is not subject to a

recorded contract for purchase and sale of the Lot or the holder of the vendee's interest under a recorded contract for purchase and sale of each Lot shall hold a membership in the Community Organization. Such membership shall be appurtenant to and not severable from such fee ownership or vendee's interest and shall transfer with the transfer of the fee title or vendee's interest without further action on the part of the Community Organization or its several Members. Membership shall stand in the name or names of the persons or parties who have such interests from time to time as they may appear in the public record.

Section 2. Lien. In order to provide for the proper operation of the Community Organization and the maintenance and improvement of any property and property interest which the Community Organization acquires for the benefit of the Lots, each grantee and vendee of Lots, their heirs, successors and assigns shall and do, by the act of accepting a deed or entering into a contract of sale as vendee, jointly and severally agree that they and each of them shall be members of the Community Organization and shall pay to the Community Organization the dues and charges levied according to the Articles of Incorporation and Bylaws of the Community Organization against them as members of the Community Organization with the exception of the Declarant who shall not be charged any dues for a period of 24 months commencing upon the first day following recordation of the sale of the first lots in Vintage Hills II. In the event that any such dues or charges remain unpaid to the Community Organization for a period of sixty days after the due date, then the Community Organization may place a written notice of public record in King County, Washington, that the Community Organization claims a lien against the Lot to which the membership is appurtenant for the amount of delinquent dues and charges together with interest at the rate of twelve percent per annum from the date due until paid and attorney's fees as herein provided. From and after recording such notice, and not prior to such recording, the Lot to which the membership is appurtenant shall be subject to a lien to the Community Organization as security for all unpaid dues and charges in the amount designated therein with interest and attorney's fees, together with all future unpaid dues and charges accrued until the lien arising because of the notice is released by the Community Organization. The lien herein granted to the Community Organization shall be subordinate to the lien of any bona fide mortgage or deed of trust given for value recorded prior to the recording of the notice of claim of lien. A release of a lien shall only release the lien arising because of the notice but not rights under this Article to file a subsequent notice of claim of lien for subsequent delinquencies after a notice is released. Such lien may be foreclosed in the manner of a mortgage or real property and in such foreclosure action the Community Organization shall recover a reasonable sum as attorney's fees therein and the reasonable and necessary costs of searching and abstracting the public record. Notwithstanding any provisions hereof appearing to the contrary, the sale or transfer of title to a Lot pursuant to a mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien created hereby for any unpaid dues and charges which became due prior to such sale or transfer; provided that no sale or transfer shall relieve such Lot from a lien for dues and charges

9802060407

thereafter becoming due and provided further that "mortgage" as used in this sentence means only a mortgage, deed of trust or other security given for a debt which is guaranteed by the Veterans Administration or insured by the Federal Housing Administration as agencies of the United States government.

## ARTICLE G

### Application and Enforcement

Section 1. Effect. The covenants, restrictions, easements, rights, liens, and encumbrances herein provided for shall be covenants running with the land and shall be binding upon the Subdivision and any and all parts thereof, the parties in interest thereto and their heirs, assigns, personal representatives and successors in interest. Accepting an interest in and to any portion of the Subdivision shall constitute an agreement by any person, firm or corporation accepting such interest, that they and each of them shall be bound by and subject to the provisions hereof.

Section 2. Severability. In the event that any provision hereof shall be declared to be invalid by any court of competent jurisdiction, no other provision shall be affected thereby and the remaining provisions shall remain in full force and effect. No waiver of the breach of any provision hereof shall constitute a provision. No right of action shall accrue for or on account of the failure of any person to exercise any right hereunder nor for imposing any provision, condition, restriction or covenant which may be unenforceable.

Section 3. Enforcement. The parties in interest in and to any part of the Subdivision and the Community Organization, for the benefit of the owners of the Subdivision, and each of them shall have the right and authority to enforce the provisions hereof and in addition to any other remedy for damages or otherwise, shall have the right to injunctive relief. The prevailing party in any action to enforce any provision hereof shall recover a reasonable sum as attorney's fees together with the reasonable costs of searching and abstracting the public record which sums shall be paid by the unsuccessful party.

Section 4. Additional Property. In addition to the real property which is platted as Vintage Hills and Vintages Hills II, from time to time but not after December 31, 2010, the Declarant, Finkbeiner Development, Inc. may subject all or any portions of the herein legally described property: See attached legal description (Exhibit A), to the provisions of this instrument.

980230407

ARTICLE H

Amendment

Section 1. Amendment of Use Restrictions. Articles B, C and D of this instrument or any of them which relate to use of the Lots in the Subdivision may be amended and changed by the written consent of the owners of the fee title (in the case title is subject to a real estate contract, the vendees under the real estate contract shall be deemed to be owners of the fee title) of not less than sixty (60%) of all of the Lots in all of the Subdivisions which have been made subject to the provisions of this Declaration. For the purpose of amendment consent to an amendment by a fee owner shall be binding upon the owner and of any successors to the fee title for a period of six months after it is given for the purpose of calculating the percentage required for adoption of the consent. Consents required under this Section shall be delivered to the Community Organization which shall tabulate them. Its determination of the sufficiency of the consent shall be conclusive, and an amendment to Articles B, C and D or any of them shall be effective when a written Notice of Amendment signed and acknowledged by the president and secretary of the Community Organization is recorded in King County, Washington, stating that the requisite consent has been obtained and setting forth the amendment in its entirety.

Section 2. Amendment to Easements. Each of the easements created in Article E are for the benefit of the particular Lots affected thereby and for the benefit of the municipalities and utilities providing utility services to the Lots in the Subdivisions. No changes or amendments may be made to any utility easement set forth in Article E without the written consent of any user thereof.
